## **For Immediate Release**

### **Tabs3 Software Places First in Four Categories for Best of the Midwest Survey**

*Tabs3 wins first in Matter Management, Case Management, Docketing & Calendaring, and Time & Billing categories*

**Lincoln, NE – August 1, 2017** – Today Software Technology, LLC, the maker of Tabs3 and PracticeMaster, is excited to announce its performance in the 2017 Best of the Midwest survey. Tabs3 software placed first in the categories of Matter Management, Case Management, Docketing & Calendaring, and Time & Billing Software. The Best of the Midwest is part of the *National Law Journal* community to recognize which legal service providers are the best at what they do. More than 1,000 readers from Illinois, Indiana, Kansas, Michigan, Minnesota, Missouri, Nebraska, Ohio, and Wisconsin cast votes in 72 categories.

“We are thrilled to be recognized by attorneys in the Midwestern legal community. For over 35 years we have worked hard to develop reliable and quality software for law firms,” said Dan Berlin, President and CEO of Software Technology, LLC. “This kind of recognition from the legal community means a great deal to our entire team.”

Tabs3 software makes it easy to get your bills out quickly and manage the business side of your firm. Coupled with exceptional technical support and more than 35 years of experience in the legal industry, Tabs3 software sets the standard for time and billing, practice management, and financial software.

### **About Software Technology, LLC**

Software Technology, LLC, the maker of Tabs3 and PracticeMaster software, has been at the forefront of developing software for law firms for over 35 years. Tabs3 is one of the most widely used legal-specific time and billing products in the United States and has been an industry leader since its introduction in 1979. Tabs3 is designed to seamlessly integrate with PracticeMaster, a leader in practice management software. Among its many features, PracticeMaster provides an easy way for firms to create a firm-wide calendar, search for conflicts of interest, organize case and contact information, and manage email and documents.
