#### CLNTLIST

The Alphabetical Client List is a Report Writer report included in PracticeMaster and can be modified as desired. This list can be generated for a specified range of Client IDs. Clients are listed in alphabetical order and files for each client are listed in Client ID order. This list can be printed for active clients, inactive clients or both. The report shown above is printed for both. When both inactive and active clients are included on the report, an asterisk is printed after the Client ID for those clients that are inactive. A footer is displayed at the end of the report indicating the number of clients and text regarding the asterisk and inactive clients. Drill-down editing capabilities allow you to edit records directly from the Preview window.

#### **Client Mailing Labels**

Client mailing labels can be generated using the Report Writer included with PracticeMaster with a 1" by 4" label format. This report is sorted by zip code in Client Name order and allows you to specify a range of Client IDs. As with all Report Writer reports, you can modify this report to meet your needs. For example, you can add a Selection Expression to only select specified clients. Or, as another example, you can add a Selection Expression to only select clients whose **Date Opened** field is greater than 01/01/16.

The Client Inactivity Report above can be used to easily identify clients and cases with no activity in a specified time frame. This report helps you determine which cases need follow up and makes it easy to identify cases that should be marked inactive. The period of inactivity can be defined as the last number of days, weeks, months, or years. The ability to load and save report definitions, as well as designate a default report definition are available in the Client Inactivity Report. When the report is displayed using the Preview option, you can mouse over individual records and with a click of the mouse immediately drill down to the record containing the last activity for the client.

#### **Reports | Daily Report**

The Daily Report is a calendar report that can optionally include tasks, events, and reminders. You can specify a date range and specify which users to include. You can optionally include Calendar Comments, Client Name, and the Client Work Description with each Description. Activities can be categorized by 1) Type, then by Date; or 2) by Date, then by Type. You can optionally include overdue tasks and tasks with no Due Date. Completed tasks are not included on this report (i.e., tasks with a date in the Completed Date field). Reports for each specified user will start on a new page. If categorizing activities by Date, then by Type, you can optionally start each date on a new page. Drill-down editing capabilities allow you to edit records directly from the Preview window. This report cannot be modified.

The report on the left is sorted by Type, then by Date. The report on the right is sorted by Date, then by Type, and also includes the client name and work description.

#### Reports | Graphical Calendar Report

The Graphical Calendar Report displays calendar records in various report styles. You can optionally include the Task List when printing the Graphical Calendar Report. You can change the appearance of the report (i.e., font, font size, etc.) as well as specify the user IDs and dates to be included.

**Note:** The actual fields displayed on the Graphical Calendar Report are determined by the options specified in the **Display Fields** section of the **General** tab of the **Calendar Properties** window.

The Monthly Report Style on the following page includes the optional Task List.

#### Search | Conflict of Interest Search

The Conflict of Interest Report is generated after every conflict of interest search is performed. A Print dialog box is displayed immediately after the search is completed. When the report is displayed using the Preview option, you can mouse over individual records or documents and with a click of the mouse immediately drill down to the field and individual record or document where the conflict is located.

The report shown to the left includes the Worldox documents that contain the search text.

### **Document Management Records**

The Conflict of Interest Report shown to the left includes conflicts found in document management records. You have the ability to search document management records, linked documents, and e-mail attachments.

**PracticeMaster Files:** Each conflict found is printed in bold with a shaded background.

**Document Management Records:** The document name is shaded. The name of the field that holds the document name is shown in italics above the document name. Each conflict found is shown on a separate line beginning with a dash, and including surrounding text. Conflicts found are shown in bold.

*E-Mail Attachments:* The e-mail attachment file name is shaded. Each conflict found is shown on a separate line beginning with a dash, and including surrounding text. Conflicts found are shown in bold.

### **Customize the Conflict of Interest Report**

You can customize PracticeMaster to include additional fields on the Conflict of Interest report. Both Conflict of Interest Reports shown search for the same information; however, the second Conflict of Interest Report shown has been customized to include the responsible user from the Document Management file as well as the respondent's full name, the maiden name of the client contact, and the spouse's name from the Family Law Area of Practice. Customized fields that are blank will not print on the report.

Maintenance | Integration | Outlook Synchronization | Synchronization Options | Print Report

The Outlook Synchronization Settings Report is a report that displays the values for all of the settings for the current user, or all PracticeMaster users who are configured to integrate with Outlook. You can optionally include Microsoft Exchange integration settings from System Configuration on the report.

**Note:** When running the report for all users, values for the **Outlook Events Folder**, **Outlook Tasks Folder**, and **Contact Folder** will only be shown for the user running the report. A value of "unavailable" will be shown for all other users included on the report.

WORKFLOW

The WorkFlow List is a Report Writer report included with PracticeMaster and can be modified as desired. This report can be generated for a range of WorkFlows by name. WorkFlows are sorted by File Name and listed alphabetically. Each WorkFlow's Name, File, Inactive Status, Prompt Status, User Activated Status, and message content is included.

## **Client File Usage Reports for Contacts**

The following two Usage Reports can be used to show all contacts that are associated with a client. The Client ID is shown in the report title. When a report is displayed using the Preview option, you can mouse over individual records and with a click of the mouse immediately drill down to the field and individual record. These reports cannot be modified.

Replace completed, 2 of 2 rep	placements made.	
Replaced Field: Description fo Appointment with <u>Marc Phil</u> Appointment with <u>Marcus P</u>	lips.	
Replaced Field: Description for Outside conference with Ma Outside conference with Ma	arc Phillips.	

This report can be displayed when using the **Replace All** feature of Find and Replace. Included on the report is the User ID of the PracticeMaster user who performed the Replace All and the time at which it was run. The file for which the Replace All was run is listed, followed by whether or not the **Replace Entire Field** option was selected. The text replaced is shown with the text with which it was replaced. A count of replaced records is shown. The replaced fields are then listed along with the original text underlined, and the replacement text underlined. This log file can only be printed while the Find and Replace results are shown. Once the Find and Replace window is closed, the log file is deleted and can no longer be printed.

You can use the Load Record function while in the associated Editor window to retrieve record by specifying the record number.
