

# Tab3 Connect

Tab3 Connect provides access to Tab3 Billing and PracticeMaster anywhere you can connect to the internet. There are no apps to download; simply log in using your smartphone, tablet, laptop, or offsite computer.

## WITH TABS3 CONNECT YOU CAN:

### Enter Fees and Costs

Enter and review fees and costs so that you won't have to try to remember them when you're back at the office.

### View Case Files

The Matter Manager in Tab3 Connect shows contact information and a timeline of activity for any matter – emails, documents, fees, appointments, costs, research notes, and more. Pull up a billing summary to quickly see what's been billed, paid, and the balance of the client's trust account.

### Access Your Firm-Wide Calendar

Tab3 Connect shows you appointments for everyone in your firm. When you add an appointment in Tab3 Connect, link it to a specific client and matter, and include other people from your office.

### Communicate Using eNote

eNote is intra-office messaging in PracticeMaster. It's a great way to send a quick note that won't get lost in someone's email inbox.
